NOTE 1.—This blank will be used for both enlistment and re-enlistment of volunteers, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. The mustering officer, commanding, or assistant commanding of musters, or the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.—This blank will be used for both enlistment and reenlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate, one case—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who procured the recruits. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will counter-sign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

The company commander will here add a statement of all the facts known to him concerning the disease or wound or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

When a probable case for pension, special care must be taken to state the degree of disability—as 1, 2, &c., and describe particularly the disability, wound, or disease, attendant to which it deprives him of the use of any limb, faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The man will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In case of discharge by Medical Inspectors, the last part of the certificate will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly stated in the within certificate."

Medical officers, in giving certificates of disability, are to exercise particular care in all cases that have not been under treatment; and especially in epilepsy, convulsions, rheumatism, derangement of the urinary organs, gonorrhoea, ulcers, or any obscure disease liable to be purposely produced; and in no case shall such certificates be given until after sufficient time and examination to detect any attempt at deception.

VOLUNTEER. Jan 12/63

Discharge on 6/12/63

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commissioned officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment entered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landworn must be entered on the muster roll on which the discharge, death, &c., is reported, so with the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This Mark will be used for deceased Volunteers and drafted men, as well as others.

NOTE 8.—When a Soldier dies in Hospital or in any other place, his descriptive list, if he has one, should be sent with his final statements, to the 2d Auditor of the Treasury Department, Washington, D. C.

When a probable case for pension, special care must be taken to state the degree of disability—as *partial*, &c., &c.; describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his personal opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by request of the soldier, after a personal examination, and the disability, the nature, degree, and origin of which are correctly described in the within certificate."

Ar. 1200 Regulations, Edit. 1881.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, anæmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

Certificates will be made out in duplicate by the soldier's commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will examine and sign the surgeon's certificate, and forward these to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to the division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer having the authority to discharge enlisted men may be specially ordered.

Certificates, after having received the action of the highest authority to which they are required to be sent, will be returned by the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement, sign the soldier's discharge, and the certificate on this paper; see that the soldier is furnished with two statements in duplicate, and forward them to the Adjutant General United States Army, at Washington, D. C. They will not, under any circumstances, be given to the soldier.

NOTE 1.—This blank will be used for both callings and recollections—enlistment of veterans, &c., &c. in the volunteer service. They will be made out in duplicate, one case—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer in the payment of bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.

The company commander will have add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability, as 4. §, A. C., and to describe particularly the disability, wound, or disease, extent to which it deprives him of the use of any limb, faculty, or affects his health, strength, activity, convenience, or capacity to labor or earn his subsistence. This must be stated, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In cases of discharges by Medical Inspectors, the last paragraph will state that the "discharge was made on the basis of the soldier, after a personal examination and for disability, the nature, degree, and duration were as correctly stated in the within certificate."

For 1890 Regulations, Edit. 1907.
Medical officers, in giving certificates of disability, are to exercise particular care in all cases that present cases under change; and especially in epilepsy, convulsions, rheumatism, derangement of the urinary organs, ulcers, or any obscure disease liable to be erroneously produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

The certificate is to be filled out in duplicate, and the original is to be forwarded to the Medical Department, and the duplicate to the Adjutant-General's Office. The certificate is to be filled out by the Medical Officer in charge of the hospital, or by the Medical Officer in charge of the detachment, or by the Medical Officer in charge of the company, or by the Medical Officer in charge of the regiment, or by the Medical Officer in charge of the division, or by the Medical Officer in charge of the army.

NOTE 1.—This blank will be used for both enlistments and reenlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The recruiting officer, commissary, or assistant commissary of musters, as the case may be, will countersign both enlistment's as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

The report will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly stated in the within certificate."

Medical officers, in giving certificates of disability, are to exercise particular care in all cases that have not been under charge; and especially in epilepsy, convulsions, rheumatism, derangement of the urinary organs, anemia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS

certificates will be made out in duplicate by the soldier's commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has the hospital where the soldier is sick. The surgeon will sign the surgeon's certificate, and forward them per mail, or by express, to the commanding officer of the regiment, detachment, or post commander, who will forward them to the division commander, through the proper channels. EXAMINING SURGEON.

I CERTIFY, ON HONOR, That I have minutely inspected the Volunteer, David Williams
previously to his enlistment, and that he was entirely sober when enlisted; that, to the best of my
judgment and belief, he is of lawful age; and that, in accepting him as duly qualified to perform the duties
of an able-bodied soldier, I have strictly observed the Regulations which govern the recruiting service.
This soldier has Blue eyes, light hair, Dark complexion, is 5 feet

Sir

I would
most respectfully ask leave of absence
for twenty days for the following reason—
My daughter had the measles some two
years since at the age of six, and her eyes became
affected therefrom. And for the last two years
she has been under medical treatment. I have
employed the best physicians within 50 or 40 miles
of where I live and to no effect. I have
recently learned that she has nearly or quite
lost one of her eyes, and the other very sore, and am
compelled to try other and better physicians.
My wife being unable to leave home owing
to domestic circumstances, and there being no one
at home or about home to attend to it. I therefore
ask the above leave, believing that respect for
justice to humanity, requiring my immediate
attention in the case of my daughter. My absence,
I can testify, will be no detriment to the service.
My Company being well officered, with only
40 men present for duty. I have never before
asked for leave of absence, nor been relieved
from duty since my enlistment.

I address

Respectfully Yours

General

For meritorious conduct at Lookout Mountain on the morning of the 25th day of November 1863, I most respectfully ask that leave of absence for thirty (30) days be granted to Capt John Wilson A 'C' of this Regiment and furloughs for same length of time be granted to the following non. comd officers and privates.

Ordy:

Harris A. Davis	2 nd	"	"	"	"
Joseph Hayes	2 nd	"	"	"	"
James Wood	4 th	"	"	"	"
William Pitt	Priv.	"	"	"	"
Joel Bradley	"	"	"	"	"

Early in the morning of the day above named while our Brigade was lying under the cliff near

The French of "Lookout" Spill Whitney then Comd'g the
brigade came to Col Warner then Comd'g this regt
and asked if there could be formed in his
command an officer and eight or ten men
who would volunteer to make an effort to plant
the Colors of the regt on top of the mountain
evening, at the same time, that the attempt would be
~~dangerous and unsafe~~ and that he would not
order it, but would be pleased to see the Colors
planted there.

The attempt has been made on the evening before
by a Lieut and ten or fifteen men from this regt
but being so fiercely and desperately opposed by
Rebel Sharpshooters on top of the Cliffs, they
were compelled to abandon for the time its fur-
ther prosecution.

But now, Capt Wilson of the Color Company stepped
out with the flag and started toward the summit
and was immediately followed by the five gallant
young men above named. Col Warner assured
them that the Regiment would at all hazards support
them. The Rebel Sharpshooters were not then firing from
the Cliffs, but it was feared that they had withdrawn
a short distance in order to enable a small force

ascend and then overpowered and capture them.

After some delay, caused by the difficulty of ascent, they gained the top, the Captain deployed his men and sent them in the direction of Summit and he himself then carried the flag to the peak of the Cliff and unfurled it to the breeze, instantaneously loud and prolonged cheers broke forth from our whole army, and the colors being plainly visible to the whole of the Rebel Army no doubt, caused terror and despondency in their ranks. Immediately the 8th started to their colors and within an hour the last man had reached the summit. Minnie hows were thrown forward and rifle pits were made. The Regt on that day after reaching the top of the mountain captured over one hundred (100) prisoners, besides a large amount of Commissary stores and a great many tents, blankets, knapsacks &c.

I hope that Capt Wilson & the five men will be rewarded for the coolness and bravery they evinced on that morning, by the granting of the leave of absence and furloughs.

From this Regt there is one officer now absent on leave and his like applications pending. If this leave is granted

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as 1, 2, 3, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1000 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, gonorrhea, ulcers, or any obscure disease liable to be induced or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

INSTRUCTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to his division commander, or other commander or officer, to his corps, department, or other commander or officer having the authority to discharge enlisted men may be specially authorized, after having received the action of the highest authority to which they are required to be sent, will be returned to the surgeon through the regimental, post, or detachment commander, who will, if the discharge is authorized by the commander, sign the soldier's discharge, and the last paragraph in duplicate, and forward both of these certificates to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given to the soldier.

General.

Having been unable to perform military duty for, ~~over~~ ^{less} three (3) months, and being still unable to perform the duties of my office; and believing that my health can never be restored by medical treatment, as much as to render me fit for the service as long as I am exposed to the hardships incident to this campaign; I herewith most respectfully tender to you my resignation of the office of Captain of Company No 8th Infantry Regiment Ky vols; believing the good of the service demands it.

I refer you to the Surgeon's Certificate attached & certify that I am not indebted to the U.S. Government; that I have no Government property in my possession; that I have never been absent without leave, and that I was last paid to include the 31st of December 1862 and that there are no charges against me that can effect my pay.

I am, very respectfully,

COMMANDING COMPANY.

NOTE.—Two of these certificates, (or duplicates,) are to be given to each volunteer soldier who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him: and the captain or other officer commanding the company, will certify to the date of the delivery of the duplicate certificates. On these certificates the Soldier is "entitled" to his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier, by the Paymaster,—the latter only retaining as his voucher, the duplicate certificates.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *1, 2, &c.*, &c.; and describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

For 1860 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to exercise particular care in all cases that have not been under their charges; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, anæmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DEBENTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will review and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them with his action endorsed thereon, through the proper channel to the division commander; or, if the troops are not attached to a division, to the corps, department, or other commander or officer having the authority to discharge enlisted men may be specially authorized, after having received the action of the highest authority to which they are required to be sent, will be returned to the surgeon who issued the certificate, and the soldier, if the discharge is authorized by the commanding officer, sign the soldier's certificate, and the last paragraph, so that the power is vested in the surgeon, and not in the commanding officer, and that the General Land Office, at Washington, will not under any circumstances be given the certificate.

FORM 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, *&c.*, in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer with pay bounty, *&c.* The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will counter sign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.—This blank will be used for both enlistments and re-enlistments. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier has served should be given on the back.

NOTE 2.—An enlistment holds in all cases, provided payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will counter-sign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

VOLUNTEERS.

Dnd May 9/62

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppage."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landwars must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

 The company commander will here add a statement of the cause of disability of the soldier, the time, place, manner, and all the circumstances under which the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty, and the surgeon may add a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.
 When the certificate of any officer, or affidavit of other person having such knowledge, will be appended as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, or

NOTE A.D.C.
 When a probable case for pension, special care must be taken to state the degree of disability—as A. S. &c., &c.; to describe particularly the disability, wound, or disease; to state whether it is a permanent disability of any limb, or of the health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the nature and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."
 Par. 1360 Regulations, Edn. 1891.
 Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, neuralgia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

COMPARED WITH
AND ENDORSED BY
 This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the company detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.
 These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final documents in duplicate, and forward both of these certificates to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Joseph P Wright of Capt Rhodes Winbourns
Company, K, of the 8th Regiment of Ky Volunteers United
States Army. Joseph P Wright was enlisted by Capt
Winbourn of the 8th Regt Ky, at Estill Springs on the 13th
day of November 1861, To serve Three years unless sooner
discharged. He was born in Clarke County State of Ky
is Forty one years of age five feet nine inches high fair
complexion Dark eyes Dark hair. and by occupation when
enlisted a farmer During the last two months said
soldier has bin unfit for duty Forty six days

Capt Rhodes Winbourn

Joseph P. Wright a private in my company, took a severe
cold and was very unwell for a week or more. The commence-
ment of his cold was on a March from Estill Springs
to Lebanon Ky between the 28th of Nov & the 3rd day of December 1861
about the 23rd of December 1861 said soldier was attacked
with diarrhea and acute pain in side which to my opinion
has in the last month terminated into a case of Dropsy, said
soldier was to the best of my judgement clear of the above
because at the time of enlistment I do not think that he
will be of any service to the government if at all, not for M-
months

Capt Rhodes Winbourn

I certify that I have carefully examined the said Joseph P. Wright
private of Capt. Rhodes Winbourn's company, and find him incapable
of performing the duties of a soldier, because of "chronic hepa-
titis" attended with anasarca of both legs & feet. Private Wright

has been under my care for about two weeks during which
time he has been subject to diarrhea, dyspepsia & colic. From
the history of his case, I have learned that ~~he has~~ ^{he} recovered from
an attack of ~~menstruation~~ ^{menstruation} and judge that he will get again
be fit for service. I am not positive as to the length, the
duration of the liver has existed but think that it is recent
in its origin and of a subacute character from the beginning.

I would recommend a discharge for this man

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.

The company commander will have add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid in judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as 1, 2, &c., &c.; to describe particularly the disability, wound, or disease; the treatment to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly stated in the within certificate."

Regulations, Edn. 1861.

Surgeons, in giving certificates of disability, are to exercise care in all cases that have not been under medical charge; and especially in epilepsy, convulsions, rheumatism, derangement of the urinary organs, ulcers, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificates be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

Certificates will be made out by the soldier's company commander, or other officer commanding the company to which he belongs and returning them to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will examine the certificate, and if he is satisfied that the soldier is disabled, he will sign it, and forward it to the post commander, who will forward it to the commanding officer, or, if the troops are not attached to a post, to the commanding officer, or other commander or officer having authority to discharge enlisted men may be specially authorized, after having received the notice of the hospital to which they are ordered to be sent, will be returned to the surgeon in charge of the hospital, post or detachment, who will, if the certificate is correct, forward it to the post commander, or other commander, and the post commander will forward it to the commanding officer, or other commander, and the commanding officer will forward it to the Adjutant General's Office, or other proper authority.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid in judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

When a probable case for pension, special care must be taken to state the degree of disability—as 1/4, 1/2, &c., &c., to denote the particularity the disability, wound, or disease, is so violent to which it deprives him of the use of any limb, faculty, or affects his health, strength, activity, economy, or capacity to labor or earn his subsistence. The pension will shew, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by command of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the written certificate."

1860 Regulations, Ed. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge, and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, gout, leprosy, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificates be given until after sufficient time and examination to detect any attempt at deception.

and the certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment, which he belongs and sent by him to the surgeon who has the command of the hospital where the soldier is sick. The surgeon will forward him the surgeon's certificate, and forward these to the nearest post, regiment, department, or post commander, who will forward them to the division commander, or to the nearest division commander, or, if the troops are not attached to the corps, department, or other commander of the authority to discharge enlisted men may be specified.

certification, after having received the action of the high
ty to whom they are required to be sent, will be sent to
the same command to the regiment, company or detachment
to whom the discharge is due, and by the commanding
officer or company, when the soldier is absent, and the high

6th Dec 31/62

VOLUNTEERS.

He had no effect in the war

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, bounty, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment enclosed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landwarrant must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as 1, 2, &c., &c.; to describe particularly the disability, wound, or disease; to state to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

War. 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge, and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, mania, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer having the authority to discharge enlisted men may be specially authorized.

The certificates, after having received the action of the highest authority to which they are required to be sent, will be returned by the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the proper authority, sign the soldier's discharge, and the last part of the paper; see that the soldier is furnished with the certificate in duplicate, and forward both of these certificates to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given to the soldier.

When a patient is received into a General Hospital, the entries on this History List will be commenced. All important changes in his condition should be noted from time to time, by the Surgeon in charge of the patient. When the patient has been wounded, the date and character of the wound, the nature of the treatment, (if any), and, above all, the result of the treatment, should be noted. In cases of death, this list will be sent, through the Officer in charge of the hospital, to the Surgeon General, for the purpose of being placed in the Medical History of the patient. When this Medical History shall have been completed, it will, with the patient's name and rank, be transmitted directly to the Surgeon General.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as $\frac{1}{2}$, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Per. 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charges and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

AND COROLLARY:

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last sentence on this paper; and that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given to the hands of the soldier.

FINAL STATEMENT

OF

Miles W. Austin
5 Reg't of Kentucky foot
VOLUNTEERS.
Entered on Roll

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged without being mustered out (Final Statements are never given to men mustered out of service.) that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; with these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his vouchers the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. The endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the Company Commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his last final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the Ad. Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landworn must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 1.

The company commander will here add a statement of the facts known to him concerning the disease or wound, the cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or place, or situation of the soldier at the time the injury was received or disease contracted, stating particularly when the injury was received or the disease contracted in line of his duty; and whatever other facts may aid in determining as to the cause, immediate or remote, of the disability, and the circumstances attending it. When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a regiment of recruits, &c., &c.

NOTE 2.

In a probable case for pension, special care must be taken to state the degree of disability—as *1/2*, *3/4*, &c., &c.; describe particularly the disability, wound, or disease; extent to which it deprives him of the use of any limb, faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In case of discharges by Medical Inspectors, the last paragraph will state that the discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly stated in the within certificate. 1860 Regulations, Part I, 1861. Medical officers, in giving certificates of disability, are to exercise particular care in all cases that have not been under charges and especially in epilepsy, convulsions, mania, delirium, derangement of the urinary organs, gonorrhea, ulcers, or any obscure disease liable to be purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

Certificates will be made out in duplicate by the soldier's company commander or other officer commanding the company detached, and sent by him to the surgeon who has the command where the soldier is sick. The surgeon will fill up the certificate, and forward it to the adjutant-general, department, or post commander, with any action ordered thereon, through the proper channel. If the troops are not attached to a department, or other circumstances, the certificate may be sent direct to the adjutant-general, department, or post commander, after having received the action of the surgeon. The certificate is to be sent, with the original, to the adjutant-general, department, or post commander, if the troops are not attached to a department, or other circumstances, the certificate may be sent direct to the adjutant-general, department, or post commander.
